Angel or devil, who cares if there are no real adventures? Fight and gangster fun. We bring the real and strange madness filled with excitement, crime and devil movements. When you were the poltest person with charming skills and strange attraction to everyone. The less you spoke, the more you'll be admired by the real people around you. You had much less rudeness and people caught you as the real inspirational superhero and they had a strange respect for you. You were never part of any crime and you were involved much less in every negativity in the city. Known as the real superhero of the city people with strange positive aura around him, it was impossible for anyone to even adopt you as a devil and a negative action figure. Fighting, guns, devil tanks, criminal activities were never part of your angel personality. You've always thought about spreading love not crime, you were part of volunteering not fighting, you had less interest in being rude one, you were playing around happiness not with guns and you were always focusing on the positive side of every person in the city. A devil comes to you and you look to find the angel who lives inside the gangster. One day on your way outside the city, you drove your car and were just about to leave the city as the police came to check the car and investigate. Assuming they won't do this if there is no question you let them search. Unknowingly some cruel devil hearted gangster had set you up in a crime and you have been accused of keeping an illegal gun in your car. Being accused of carrying a gun was less for you than getting into a fight with the police in the city like a gangster and committing crimes. It was a wait for you to become notorious for being a terrifying action figure and a criminal who is part of a mafia. Not even struggling to find out the truth and the whole city forgot how much angel hearted was and you and they started looking at you like a devil who is responsible for all the crimes and fights going in the city. You were no longer the superhero for the city people. Their real trust was shattered and the city was against you. Those who thought you were their superhero and carry a heart you to have gangster acts and not but more even more devil's crime devil's crime what's going on in the city was blamed on you. Kill yourself inner angel and then fly away. Why not try to eliminate the bad guys too, but who stops and fights whoever comes your way if there is no one who has the real courage and skills to stop you, is there anyone? No So let's start the action, fly, use your weapons, experience the real adventure, be the part of the crime, be the gangster in yourself and don't let anyone live with peace in the city unless they fight and beg for it.
